IT'S BACK!! GEZELLIGATOR

Doppelbock /7.4% ABV / 16 IBU

TASTING NOTES: This beer is a rich malty lager. We use mostly German Munich malt which gives the beer a toasty, sweet malt complexity. We also use decoction mashing which accentuates the malt character. There is just the right amount on Hallertau Hersbrucker hops to give the beer a nice balance. It is relatively high in alcohol so it will keep you warm on those cold late winter, early spring nights. While fairly sweet, it still finishes dry and crisp.

BRAND NEW STYLE! EDGY MILKMAID

Coffee Milk Stout /5.7% ABV/33.3 IBU

TASTING NOTES: Notes of chocolate and coffee dominate the nose. There is considerable sweetness and body because we added Milk sugar (Lactose) which is unfermentable. The palate has notes of roasted grain and chocolate along with a moderate coffee flavor. The finish has a long, creamy and pleasant!

NEWEST IN SERIES LUPULOR EL DORADO

Double IPA /9.4% ABV / 99.8 IBU

TASTING NOTES: A very complex beer that packs a hop wallop. While it's very high in IBU's (99.8) it's also very balanced with a rich malt complexity, but it is not overly sweet. There are seven varieties of hops in this beer which adds to the complexity. El Dorado brings bright tropical fruit flavors and aromas of pear, watermelon, and stone fruit.

NOW AVAILABLE GRAMPA Z'BIG A\$\$ BARLEY WINE

English Barley wine Style Ale /11% ABV / 60 IBU

TASTING NOTES: Malt upon malt here. Notes of caramel, toffee, hints of molasses and dried dark fruits. A traditional English style barley wine with moderate hop bitterness to balance the intensely rich, chewy maltiness. In the end there is pleasant alcohol warmth to warm the soul.

NEW! GOKUDO

American Black Rye Ale /7.6% ABV / 76.5 IBU

TASTING NOTES: Big, bold and unique is what this beer is all about. It has a distinct spicy, toasted quality from chocolate rye malt without having any roasted malt flavors. The featured hop in this beer, Sorachi Ace, was unleashed in the East as a hop distinctly bred for Japanese brewers. Possibly the most unique of all hops, it has the flavor and aroma of lemon, dill, cedar and caraway. It's relatively high in bitterness without being overpowering.

GET IT BEFORE IT'S GONE! LUPULOR LEMONDROP

West Coast IPA /6.5% ABV / 86 IBU

TASTING NOTES: We took a turn to the west for our Lupulor series with this beer. The style this time is a West Coast IPA. It is dry hopped with Lemondrop hops. The aroma has a bright lemony character with a touch of lemon peel. As this style goes, there is a bit more initial bitterness while still being balanced. There is a nice maltiness in the flavor but the focus is hops. It finishes balanced with a pleasant lemony flavor.

SMOKE THE DONKEY

New England Style IPA/6.8% ABV / 40.1 IBU

TASTING NOTES: Deep golden in color, low in bitterness and noticeably hazy. There is a big tropical fruit aroma from the hops with a nice malty background. We purposely added the majority of the hops at the end of the boil as well as double dry hopping with Comet and Bravo hops. The flavor is noticeably full of juicy tropical fruit flavors from the hops as well as the silky malt sweetness.
