COMING SOON! GEZZELIGATOR DOPPELBOCK

ON DECK FOR MARCH LUPULOR COMET DIPA

AVAILABLE NOW! CONNEMARA

Irish Stout 4.4% ABV / 40.2 IBU

TASTING NOTES: A unique beer in that it's pitch black but not heavy at all. Bitterness is not only derived from hops but also from roasted un-malted barley. You won't see any light through this beer but it is very quaffable and pleasing. Notes of dark chocolate and espresso without a lot of malt sweetness. It finishes quite dry and refreshing.

CHARGING BULL

Weizenbock 7.9% ABV / 31.8 IBU

TASTING NOTES: Comparable to the barley-based regular Bockbier, a Weizenbock is the strong version of an unfiltered Weissbier or Hefeweizen. It is made with 58% wheat malt (German law requires that a Weizenbier, regardless of strength, be made from at least 50% wheat). The other malts are, Pils, Munich and Carafo (for color) malts. The beer is light amber with slightly caramelized barley malts that give the beer a full-bodied mouthfeel, a rich and satisfying malty finish, and a more or less opaque appearance. While regular Bockbiers are lagers, Weizenbocks are all ales. They are fermented with a special yeast that gives the brew a slightly spicy, clove-like flavor.

LATEST IN THE DIPA SERIES - LUPULOR CALIENTE

Double IPA 8.9% ABV / 89.5 IBU

TASTING NOTES: A very complex beer that packs a hop wallop. While it's very high in IBU's (89.5) it's also very balanced with a rich malt complexity, but it is not overly sweet. There are seven varieties of hops in this beer which add to the complexity. It is dry hopped with Caliente hops which give it a distinct lemon zest, pine and stone aroma. The flavor has notes of peach and lemon, but the primary flavors are more earthy.

SMOKE THE DONKEY

New England Style IPA 6.8% ABV / 40.1 IBU

TASTING NOTES: Deep golden in color, low in bitterness and noticeably hazy. There is a big tropical fruit aroma from the hops with a nice malty background. We purposely added the majority of the hops at the end of the boil as well as double dry hopping with Comet and Bravo hops. The flavor is noticeably full of juicy tropical fruit flavors from the hops as well as the silky malt sweetness.
